Jaime Augusto Zobel de Ayala
Chairman & Chief Executive Officer
Ayala Corporation

GLOBAL NETWORK COUNCIL

The goal of the Global Network Council is to advise Eisenhower Fellowships' president and senior staff on the most effective ways to fulfill its mission: to engage outstanding leaders from around the world, helping them achieve outcomes across sectors and borders and provide a transformational experience leading to lifetime engagement in a global network where dialogue and collaboration make the world more peaceful, prosperous and just.

Its objectives include ensuring that Eisenhower Fellowships attracts the strongest leaders as candidates; strengthening the Eisenhower network through active country associations and regional clusters of Fellows; contributing to the planning of international conferences and EF Day events; advising Eisenhower Fellowships on overall strategy and program design and increasing public recognition of Eisenhower Fellowships.

Basma Al Buhairan (Saudi Arabia '13)

Jerry Ng (Indonesia '02)

as of December 31, 2017

Participation

EF programs are supported by corporations, foundations, Trustees, advisors, Fellows and friends. Earnings on an EF endowment supplement these annual sponsorships, grants and gifts.

EF's institutional and individual partners contribute financial and intellectual capital that is essential to our current impact and future promise. Our partners meet with staff to design and implement U.S. and overseas programs. Interaction with Fellows provides EF partners with valuable "on the ground" perspective, and often initiates ongoing relationships and collaboration.

For more information about partnership opportunities with Eisenhower Fellowships, contact:

Erica Cheslock

2017 USA ZHI-XING FELLOWS

The Zhi-Xing China or “learning and travel” program is a fully-funded four-week professional and leadership development program that features intensive cultural immersion, and group sessions with Chinese and U.S. experts along with two weeks of individually-tailored travel and meetings in four to six Chinese cities.

The Zhi-Xing China Eisenhower Fellowships program is an initiative implemented by the China Education Association for International Exchange in partnership with Eisenhower Fellowships.

The program builds on Eisenhower Fellowships’ history of professional exchange between the United States and China, and comes at a time when both countries play a predominant role in world affairs, thus enhancing the value of bilateral dialogue and understanding.
