

EISENHOWER
FELLOWSHIPS

2026 GLOBAL PROGRAM

APPLY NOW

About us

Eisenhower Fellowships (EF) exists to inspire leaders around the world to challenge themselves, to envision how they can effect positive change, to engage others beyond their existing networks and to collaborate with other like-minded leaders across national borders to better the world around them.

2026 Global Program

In spring 2026, Eisenhower Fellowships will assemble a diverse group of visionaries from across the globe and invite them to the United States for a unique nearly six-week program with both in-person and virtual components. Fellows will develop a project, foster professional relationships and launch dynamic, concrete collaborations with their American counterparts, their cohort and the prestigious EF network of over 1,800 active Fellows.

Fellows are selected based on their track record of leadership, their potential for future impact and their commitment to lifelong engagement with Eisenhower Fellowships to advance our mission of enhancing international understanding through dialogue to build a world more peaceful, prosperous and just.

Typically, Fellows range between 32 and 45 years of age at the time of fellowship and are highly proficient in English. We seek Fellows who have the maturity to take advantage of the unique opportunity and represent Eisenhower Fellowships, as well as draw upon this experience to catapult them forward as impactful leaders for years to come. Applications are accepted across the globe but preference is given to candidates in countries where EF is active.
